LINCOLN

ADMINISTRATIVE/Personnel

Mr. [] commendation

1. Mr. [] for PP/Ops/Art, had been assigned on TDY to LINCOLN between 15 and 22 April and again between 29 April and 19 May 1954.
2. During his duty with LINCOLN, he has executed not less than 35 cartoons, as shown in the attached list, partly based on ideas of his own, partly on the basis of ideas furnished by other staff members or agent personnel. These cartoons have been used -- and continue to be used -- with significant effect in various PBSUCCESS publications. In addition, he has assisted the PP staff of this station with the lay-out of certain printed matters and other related work.
3. Mr. [] has shown very remarkable adaptability, resourcefulness and careful attention to duty in his work here. Moreover, he did not mind helping out with whatever sort of other work was asked of him because of the somewhat unpredictable needs of this station -- and did his duty always cheerfully and in a spirit of good teamwork and cooperation with other staff members.
4. Undersigned therefore wishes to commend Mr. [] for his contribution to PBSUCCESS and requests that the present letter be transmitted to the PP Staff and made part of Mr. [] permanent personnel record.
